

## **REMARKS**

Claims 1–24 have been cancelled by prior amendment; therefore, claims 25-35 are currently pending in the application. Claims 25-31 are cancelled without prejudice. Therefore, after entry of the present Amendment, claims 32-35 will be pending.

This present Amendment places the application into condition for allowance and is proper for an after final amendment. Claims 32-35 are allowed. Claim 34 is currently amended to fix an informalities. Amendment to the specification has been made so that claim 34 and the specification are consistent.

The Examiner objected to the drawings in a telephone call on August 28, 2006 as not showing each limitation of the claim. Applicants have amended FIGs 10 and 11. No new matter has been added. The Applicants have also amended the specification to describe the amended drawings.

In light of the above, it is respectfully submitted that the present application is in condition for allowance, and notice to that effect is respectfully requested.

While it is believed that the instant response places the application in condition for allowance, should the Examiner have any further comments or suggestions, it is respectfully requested that the Examiner contact the undersigned in order to expeditiously resolve any outstanding issues.

Respectfully submitted:

/Steven A. Shaw/
